SALE AT 2 P.M.

MACDONALD, FRASER & CO., LTD.

Auctioneers, PERTH

Telephone: PERTH 50

Telegraphic Address: "FRASER, PERTH"

CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

per Annum and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for Johne's Disease with the biological product known as Johnin. Notice in writing of the intention of the purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1953, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or

(b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or

(c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

PHOPACHY QUEEN SUSAN (M.J.P. N.2), Red.

Calved 26th January, 1955,	sire, Crichton Grand	
dam, 392453 Phopachy		Duke 388756 R. H. Watherston
	Queen Janet by Kirkton Baronet	335904 K. P. MacGillivray
g d 318919 Phopachy Queen Jan	by Naemoor Marshal	345049 Major Moubray
3 d 275153 Phopachy Queen Jane	by Lawton Field	
		Marshal 314137 Wm. Henderson
4 d 220451 Rothes Queen Wendy	by Calrossie Broadhooks	
		Bounty 284416 Capt. MacGillivray
5 d 200052 Rothes Queen Tansy	by Calrossie Grand	
		Parade 268894 Capt. MacGillivray

Served on 5th April, 1956, by Calrossie Triumphant (2325).

Crichton Grand Duke (sire, Calrossie Baronet; dam by Glastullich Fortress) with his first crop of calves averaged £1225.

Phopachy Queen Janet is a full sister to Phopachy Hope, successfully used by Señor Bonadeo.

Calrossie Triumphant is a full brother to Calrossie Constellation, stock bull at Bapton, who is the sire of Bapton Contractor, recently sold to Canada for 15,000 guineas.

Date of last Test—June, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 17th October, 1955.

7

**Miss Jean L. MacGillivray, Phopachy, Bunchrew,
Inverness-shire.**

PHOPACHY CLIPPER IMOGEN (M.J.P. N.4), Red.

Calved 18th February, 1955,	sire, Crichton Grand	
dam, 392449 Phopachy		Duke 388756 R. H. Watherston
	Clipper Lima by Kirkton Baronet	335904 K. P. MacGillivray
g d 318915 Clipper Lime Flower	by Naemoor Marshal	345049 Major Moubray
3 d 220443 Clipper Windflower	by Calrossie Broadhooks

4 d Conny Clipper	by Calrossie Orange	
		King 228729 Capt. MacGillivray
5 d Cudham Clipper 5th	by Cluny Sir Augustus	141658 Lady Cathcart

This heifer was 5th in a large class at the Royal Highland Show at Inverness.

Served on 8th July, 1956, by Calrossie Triumphant (2325).

Crichton Grand Duke (sire, Calrossie Baronet; dam by Glastullich Fortress) with his first crop of calves averaged £1225.

Calrossie Triumphant is a full brother to Calrossie Constellation, stock bull at Bapton, who is the sire of Bapton Constructor, recently sold to Canada for 15,000 guineas.

Date of last Test—June, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 17th October, 1955.

**8 Mrs. B. H. (Linzee) Claeson Gordon, Cluny Castle,
Monymusk, Aberdeenshire.**

CLUNY PRIMROSE 58th (G.C.C. N.9), Red.

Calved 27th February, 1955,	sire, Cluny Adventure	390543	Mrs. B. L. Gordon
dam, 368760 Cluny Primrose 47th	by Chapelton Crusader	348430	W. Biggar & Son
g d 272398 Cluny Primrose 35th	by Cluny		
	Crown Souvenir	319743	Mrs. B. L. Gordon
3 d 208035 Cluny Primrose 23rd	by Pittodrie	Gold	
	Standard	292566	R. Laidlaw Smith
4 d 167740 Cluny Primrose 18th	by Glastullich Sirdar	237378	Wm. MacGillivray
5 d Cluny Primrose 13th	by Red Robin	210743	R. A. Smith

Served on 20th April, 1956, by Bapton Forevermore (2598). Warranted in calf.

Cluny Adventure (sire, the 4000-guineas Cruggleton Godwin by Cruggleton Braemar; dam, Cluny Augusta Dora by the Perth champion, Ballechin Rodney) was male champion at the Turriff Show in 1954.

Cluny Primrose 47th is a typical, short-legged daughter of the grand, white, Highland and Royal champion, Chapelton Crusader.

Cluny Primrose 35th was a beautiful daughter of the sire of Cluny Invasion, the leading sire in the Argentine.

Bapton Forevermore is a grand, dark roan bull—sire, Kirkton Hercules (381696); dam, Millhills Eliza 2nd (266041), female champion at Perth in 1945, who cost 1700 guineas.

Date of last Test—19th August, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 22nd September, 1955.

Passed Complement Fixation Test for Johne's Disease on 18th August, 1956.

Passed Agglutination Test for Contagious Abortion on 18th August, 1956.

**9 Miss Jean L. MacGillivray, Phopachy, Bunchrew,
Inverness-shire.**

PHOPACHY QUEEN JOSEPHINE (M.J.P. N.6), Red.

Calved 1st March, 1955,	sire, Crichton Grand	Duke 388756 R. H. Watherston
dam, 318919 Phopachy Queen Jan	by Naemoor Marshal	345049 Major Moubray
g d 275153 Phopachy Queen Jane	by Lawton Field	
		Marshal 314137 Wm. Henderson

		Parade 268894 Capt. MacGillivray
5 d 150474 Rothes Queen Mary	by Royal Demand	240021 K. P. MacGillivray
Served on 16th June, 1956, by Calrossie Triumphant (2325).		

Crichton Grand Duke (sire, Calrossie Baronet; dam by Glastullich Fortress) with his first crop of calves averaged £1225.

Calrossie Triumphant is a full brother to Calrossie Constellation, stock bull at Bapton, who is the sire of Bapton Constructor, recently sold to Canada for 15,000 guineas.

Date of last Test—June, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 17th October, 1955.

10 Mrs. B. H. (Linzee) Claeson Gordon, Cluny Castle, Monymusk, Aberdeenshire.

CLUNY CLARA 29th (G.C.C. N.15), Red.

Calved 9th March, 1955,	sire, Cluny Adventure	390543	Mrs. B. L. Gordon
dam, 368754 Cluny Clara 20th	by Chapelton Crusader	348430	W. Biggar & Son
g d 272394 Cluny Clara 16th	by Calrossie Souvenir	303645	Capt. MacGillivray
3 d 208022 Cluny Clara 12th	by Calrossie Command	275428	Capt. MacGillivray
4 d 136813 Cluny Clara 9th	by Calrossie		
	Roths Peter	228735	Capt. MacGillivray
5 d Cluny Clara 7th	by Red Robin	210743	R. A. Smith

Served on 8th April, 1956, by Burnton Bydand (76). Warranted in calf.

Cluny Adventure (sire, the 4000-guineas Cruggleton Godwin by Cruggleton Braemar; dam, Cluny Augusta Dora by the Perth champion, Ballechin Rodney) was male champion at the Turriff Show in 1954.

This is a truly great pedigree, with an outstanding line of dams and sires.

The Claras are perhaps the strongest and fleshiest cows at Cluny.

Burnton Bydand is a smooth and fleshy, red bull—sire, Cruggleton Neville (387112); dam, Burnton Golden Girl 4th (381860), who is also the dam of Señor Duggan's bull, Burnton Rowan.

Date of last Test—19th August, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 22nd September, 1955.

Passed Complement Fixation Test for Johne's Disease on 18th August, 1956.

Passed Agglutination Test for Contagious Abortion on 18th August, 1956.

11 The Right Hon. Lady Forteviot, Dupplin Castle, Perth.

DUPPLIN DIANA RAMSDEN (F.C.M. N.6), Roan.

Calved 9th March, 1955,	sire, Kirkton Envoy	361234	K. P. MacGillivray
dam, 406650 Dupplin			
	Artemis Ramsden by Kair King George	378429	G. J. C. Anderson
g d 367361 Stevenson			
	Ina Ramsden by Aldie Revenue	361180	F. MacGillivray
3 d 259198 Stevenson			
	Ida Ramsden by Rosedale	307770	J. Durno
4 d 237724 Stevenson			
	Irene Ramsden by Beaufort Escort	290711	Lord Lovat
5 d 167124 Stevenson			
	Ruby Ramsden by Cambus Mainstay	249393	Alexander & Addie

Served on 4th August, 1956, by Coldoch Marksman (932).

Coldoch Marksman has had a very successful Showing year, being 3rd at the Royal Highland Show at Inverness; supreme champion at the Angus Show at Dundee; reserve supreme champion at Crieff, and supreme champion at the Perth Show.

Inoculated with Br. Abortus Vaccine (Strain 19) on 27th September, 1955.

**12 Mrs. B. H. (Linzee) Claeson Gordon, Cluny Castle,
Monymusk, Aberdeenshire.**

CLUNY LADY BROADHOOKS 20th (G.C.C. N.19), Red Roan.

Calved 13th March, 1955,	sire, Cluny Adventure	390543	Mrs. B. L. Gordon
dam, 368757 Cluny Lady			
	Broadhooks 15th by Chapelton Crusader	348430	W. Biggar & Son
g d 248526 Cluny Lady			
	Broadhooks 11th by Calrossie Souvenir	303645	Capt. MacGillivray
3 d 126710 Cluny Lady			
	Broadhooks 4th by Brawith Chieftain	187661	K. P. MacGillivray
4 d 34511 Cluny Lady	by President of the		
	Broadhooks	Mint 109670	D. M. Stewart
5 d Broadhooks Consort	by Collynie Chief	114765	Wm. Duthie

Served on 12th May, 1956, by Bapton Forevermore (2598). Warranted in calf.

Cluny Adventure (sire, the 4000-guineas Cruggleton Godwin by Cruggleton Braemar; dam, Cluny Augusta Dora by the Perth champion, Ballechin Rodney) was male champion at the Turriff Show in 1954.

The sire and the dam of this heifer were joint winners of the Bullrich Cup at the Royal Show at Blackpool in 1953, for the best pair of Shorthorns bred by the Exhibitor. Two daughters of Cluny Lady Broadhooks 15th remain in the herd, while her first heifer calf was sold to Mr. Sproutt of Australia.

Bapton Forevermore is a grand, dark roan bull—sire, Kirkton Hercules (381696); dam, Millhills Eliza 2nd (266041), female champion at Perth in 1945, who cost 1700 guineas.

Date of last Test—19th August, 1956.

Inoculated with Br. Abortus Vaccine (Strain 19) on 22nd September, 1955.

Passed Complement Fixation Test for Johne's Disease on 18th August, 1956.

Passed Agglutination Test for Contagious Abortion on 18th August, 1956.

	Willington	291229	A. J. Marshall
5 d 170079 Althea Clara	by Viscount Robin	227141	R. A. Smith

Erimus Hansard (sire, Calrossie Evening News; dam, Roth's Queen Celeste by Kirkton Challenger) was purchased at Perth in February, 1954, for 3200 guineas. He is the sire of Uppermill Leopold, who was sold at Perth in February, 1956, for 7100 guineas. Two bulls got by him sold at Perth for an average of £4305.

Uppermill Metaphor (sire, the 1550-guineas Lawton Rear Admiral; dam, Collynie Mabel 5th by the 2100-guineas Rosehaugh Mandarin) gained 1st prize and the championship at the Royal Northern Show at Aberdeen in 1948—the only time shown. He is the sire of the winning group at the Royal Highland Show on four occasions.

Inoculated with Br. Abortus Vaccine (Strain 19) on 10th June, 1956.

HEIFER CALVES**20 Mr. James Durno, Uppermill, Tarves, Aberdeenshire.**

LORNA CLARA (D.J.U. N.67), Roan.

Calved 6th December, 1955,	sire, Westdrums

 Crocus 2nd Mascot 249760 Lady Cathcart

BEAUFORT

AN APPRECIATION

THE Beaufort Castle Herd needs no introduction, for it has been breeding quality cattle since the Scotch Shorthorn was first given a place in Coates' Herd Book, but, for the benefit of Breeders, both at home and overseas, the following brief note, giving the blood lines and history of the Herd, may be of some interest.

The Stud goes back to the days when Champion of England was consolidating the greatness of Sittyton, and the story begins when, in 1868, the Broadhooks and Undine heifers, both by Champion of England, were purchased by the present owner's grandfather. It is interesting to know that the Actresses, celebrated at Bapton (see Bapton Umpire) descended from a branch of this family, and the bull, Beaufort Broadhooks Champion, sold at Perth in 1920, held the record price obtained at that centre for over 10 years.

There are other famous pedigrees, notably the Queen of Rothes and Lancaster tribes, who have bred successfully and without a break in the Herd for nearly a century. From the Queen of Rothes family, backed by the great bull, Knickerbocker, and Royal Star blood, such notable sires as Knight of Collynie, Cupbearer of Collynie, and his son, Millhills Rothes King, are descended.

Space does not permit a detailed account of each tribe, but mention must be made of the famous Clipper family, descended from the great Newton stock bulls, Cornerstone and Star of Morning. In a recent letter, that shrewd judge of cattle, Mr. John Blume, Manager of the famous Marellbar Herd, U.S.A., wrote:—"Your Lancaster and Clipper cows are doing a wonderful job out here; in fact, they dominate the Herd."

The Princess Royals have also stood the test of time, producing in recent years such great sires as Beaufort Royal King, Royal Salute, Royal Monarch, Royal Prince, and Beaufort Royal Hawk, who made Shorthorn history in Ireland. The famous Uppermill show cows, Princess Maude and Princess Minerva, both female champions at National Shows, also stem from a Beaufort cow of this family.

To mate with these females, the late Lord Lovat used the best bulls of the day, with the emphasis on a concentration of Naemoor blood. From that great Herd, Naemoor Ian and two sons of Naemoor Jasper—Little Loch Broom and Glastullich Sudan—proved outstandingly successful.

To come to recent times, the present owner has concentrated on the blood lines of the late Mr. A. J. Marshall, of Cruggleton. During the period 1939 to 1950, over thirty heifers by Cruggleton Perfect, Willingdon, Assheton, and Annexe were obtained privately or at Public Auction, while four sires of Marshall breeding, each with a concentration of Cruggleton Perfect blood on both sides of their pedigrees, have been or are being used in the Herd.

The extended pedigrees of Cruggleton Pentland Firth and Cruggleton Guthrie, together with their sons, Beaufort Bulldozer and Cruggleton Pirret, and a grandson, Beaufort Commodore, can all be studied at the back of this catalogue.

While there is no yardstick by which to measure the ideal Shorthorn, or words to describe it, Lord Lovat chose Cruggleton Perfect as his model, not only for conformation, character, and appearance, but as the best breeding bull he has met in a wide experience, and it should be noted that the senior stock bull, Burnton Bankbook, carries the same blood lines on the top side of his pedigree.

Every effort is being made to live up to the Marshall precepts of raising hardy and improving cattle, while the importance of size has never been lost sight of. Whatever mistakes have been made at Beaufort, the pony type of bull, favoured by passing fashion, or cattle with black noses, fine bone, and dark, flinty horns, have never been included in the programme.

This policy has paid handsome dividends. At the Perth February Sales during the past three years, 24 Beaufort calves have grossed 38,559 guineas, giving an over-all average of 1606 guineas for each animal sold. These figures do not take into account any bulls sold privately off the farm.

Among the herds that regularly supply good cattle to the February Sales, 11 Breeders are using Beaufort stock bulls, viz.:—Anick, Aldie, Ballechin, Balbithan, Belgard, Chalmerston, Duncrahill, Kybo, Kentwyns, Morphie (from Aldie), and Saltoun.

Turning to the show-ring, Beaufort entries have recently won all the principal awards. During the past three years, the male and supreme championships have been won at the Royal Highland Shows at Edinburgh and Inverness; the Casares Cup for the junior champion bull at the Royal Highland Show has been won twice, while the Bullrich Cup for the best pair of cattle, male and female, bred by Exhibitor, has been won outright for the first time in history. These awards carry the Blue Ribbon, being the most important events of their kind in the country.

Although the Beaufort Herd has not been exhibited at the English Royal Show, since winning the supreme championship, female championship, and reserve male championship at Lincoln, entries of Beaufort breeding continue to catch the Judge's eye. At the Windsor Royal in 1954, Beaufort Bartender won the reserve male championship for the Kybo Herd, while a daughter of Beaufort Benbow was female champion at the Nottingham Royal in 1955.

At the local Shows—the Northern Counties', Keith, Nairn, and Black Isle—where good cattle are always forward, the Beaufort entries have swept the boards, and, as this goes to press, a Beaufort bull has been made supreme champion at the Crieff Show which, both as regards quality and numbers, provides the biggest turn-out of the breed at any centre in the United Kingdom.

Before you read up the pedigrees of the Stock Bulls, one last word on sale conditions:—All the re-tests will be given, and in the case of unserved yearling heifers, these will be kept on by the vendor, at the purchaser's request, until they are safely in calf.

It is the custom at Beaufort to inoculate all heifer calves with Br. Abortus Vaccine (Strain 19) when they are six months old, and this has been done to the Sale entries over one year old, but does not apply to the heifer calves born in 1956 which are in the catalogue. As previously stated, the majority of the yearlings by Burnton Bankbook have been served late to facilitate safe calving after shipment overseas. The cattle will be shown in natural condition—they have been taken straight off the grass, and are not artificially prepared in any way.

The tribes actually represented are as follows:—Augusta, Broadhooks, Blythesome, Bright, Butterfly, Clipper, Goldie, Jilt, Lancaster, Lavender, Mabel, Princess Royal, Queen of Rothes, Rosewood, Secret, and Wimple.

BEAUFORT CASTLE HERD DRAFT SALE

The following animals are bred by The Rt. Hon. Lord Lovat, D.S.O., M.C., T.D.,
unless otherwise stated.

The annual Tuberculin Test was last carried out on 9th to 12th April,
1956, and was 100% correct.

For Reference to Sires—see end of Catalogue.

		Princess Dinah 131185

Bought privately for 4000 guineas, Pentland Firth (a full brother to Cruggleton Bonn) bred with great success for three seasons in the Herd, after which he went to Duncrahill at a very high figure. His sons include Beaufort Bulldozer, sold at 5000 guineas; Beaufort Broadstairs, sold at 4300 guineas; Beaufort Blackthorne, Bartender, and Breakwater, all sold for 2000 guineas; and Beaufort Benbow, Bogoak, Blackstone, Billboard, and Barony, who all made high prices, and have proved themselves successful stock bulls at home and overseas.

In 1951 Draft Sale his heifer calves averaged 400 guineas, and many of the best cows retained in the Herd are by him.

In the show ring, Pentland Firth was 1st and reserve champion to Calrossie Welcome (also out of a Cruggleton Perfect cow) at the Royal Highland Show, Dundee; he later won championships at Keith, Turriff and other local shows. His sons have won championships at Smithfield and Edinburgh.

BEAUFORT BULLDOZER, Red.

Calved 14th September, 1950.

Bred by the Rt. Hon. The Lord Lovat, D.S.O., M.C., T.D.,
Beaufort Castle, Beaulieu, Inverness-shire.**Sire, Cruggleton Pentland Firth (361513)—**

Sold to Edellyn Farms for 5000 guineas, Bulldozer is recognised as the top sire in the U.S.A., where his progeny made Shorthorn history in 1954 by winning the male, female, supreme, and reserve supreme championships at the Chicago International Show. Calves by Bulldozer have continued to win wherever shown, and at the recent annual Edellyn Draft, his heifer calves sold at prices up to 5500 dollars (£1978).

Bulldozer, who himself was never beaten in the show ring in this country, was unfortunately only used for one season in the Beaufort Herd. He was top sire at Perth in 1955—five of his sons have given an average of £3706, namely Beaufort Brave Baron, sold to the Argentine for 3400 guineas; Beaufort Brisket, sold to Australia for 3600 guineas; Beaufort Borderer, sold to Argentina for 1850 guineas; Beaufort Commodore, sold to the U.S.A. for 5900 guineas, but subsequently retained; and Beaufort Chevalier, sold to Aldie for 2900 guineas.

Cruggleton Orange Talisman is the best cow in the Herd, and probably anywhere else! Her first calf, Beaufort Blockbuster, sold to the Argentine for £1250; her second calf, Beaufort Bremen, sold to the Argentine for £1600; her third calf, Beaufort Orange Talisman, a winner at the Royal Show, sold for £1230 to the U.S.A., where she has become the mother of many champions; her 4th calf, Beaufort Boludo, reserve junior champion at Perth, was sold to the Anderson Brothers for £4200; her 5th calf, Beaufort Butcher Boy, sold to Australia for £500; her 6th is a heifer, which has been retained in the herd; her 7th calf was Beaufort Bulldozer; her 8th calf died; her 9th calf, Beaufort Combine, sold to South Africa for £3000; and her 10th calf is a beautiful heifer, who figured prominently in the prize list at the Royal Highland Show at Inverness. Orange Talisman at present carries the service of Burnton Bankbook, and is due to calve at the New Year.

Note the concentration of Cruggleton Perfect blood in this pedigree.

BEAUFORT COMMODORE (396125), Dark Roan.

Calved 18th August, 1953.

Bred by the Rt. Hon. The Lord Lovat, D.S.O., M.C., T.D.,
Beaufort Castle, Beaul, Inverness-shire.

Sire, Beaufort Bulldozer (381567)—

Beaufort Commodore, sold at 5900 guineas, was champion at the Northern Counties and Black Isle Shows, and winner of the Casares Cup for the best junior bull at the Royal Highland Show at Dumfries in 1954. In 1955 he was champion at Nairn, while in 1956 he was supreme champion at the Royal Highland Show at Inverness, and at Keith.

Although sparingly used his calves are exceptionally promising.

Doris Blythesome was bought as a heifer for 650 guineas at the Marshall Dispersal, and won first prize at the Northern Counties Show on the only occasion she was shown.

Again note the concentration of Cruggleton Perfect blood.

CRUGGLETON GUTHRIE (381896), M.A.J. H.7., Red Roan.

Calved 16th April, 1950.

Bred by the late Mr. A. J. Marshall, Bridgebank, Stranraer.

Cruggleton Guthrie, a full brother to Cruggleton Godwin, stock bull at Cluny, was sold to Edellyn Farms, U.S.A., at the Marshall Dispersal Sale for 4000 guineas, and was used in the Beaufort Herd before flying to the U.S.A.

His sons include Cruggleton Pirret, sold for 4400 guineas; Beaufort Crossbow, a 1st prize winner at Perth, and sold to Ballechin for 3700 guineas; and Beaufort Cuptie, a prize-winner at Perth, and at the Royal Highland Show at Edinburgh, sold to Saltoun for 4300 guineas. In 1955 Cruggleton Guthrie stood second in the list of successful sires.

CRUGGLETON PIRRET (M.A.J. K.100), Red Roan.

Calved 9th May, 1952.

Bred by the late Mr. A. J. Marshall, Bridgebank, Stranraer.

Cruggleton Pirret, a prize-winner at Perth in 1953, was the last Marshall bred bull to enter the ring, where he made 4400 guineas, the second highest price of the Sale. Used for two seasons in the Beaufort Herd, his first four calves sold at Perth in 1955, won four prizes, including two firsts, and sold for an average of £2000, while his white Augusta heifer sold for 700 guineas (top price for females), as well as gaining a first prize ticket. In 1956 two more calves sold well, and they were both bought for stock bulls for the well-known herds of Balbithan and Kentwyns. In the interval Pirret was sold at a high figure to Mr. R. E. Smith of Texas, U.S.A.

Burnton Bankbook, first and supreme champion at Perth, was bought for the Beaufort Herd at 7300 guineas, in 1954.

After a year at stud and in only fair condition, he was pulled out to win the suprême championship at the Royal Highland Show at Edinburgh in 1955—a very creditable performance. His work has not again been interrupted, and Bankbook is breeding exceptionally well—his heifer calves being quite outstanding.

At Perth in 1956, Burnton Bankbook's name figured in the list of successful sires—his first crop of calves averaging 1013 guineas.
